Dear Team,

Thank you for considering my application!

I am Dr Vikas L Krishna – Physician, Hospital Administrator, Consultant and Technology Enthusiast – currently seeking to advance my career in Healthcare Consulting.

With a strong foundation in clinical practice and hospital management, I bring a multi-dimensional perspective shaped by experience across hospitals, large corporates and startups. My work spans the entire spectrum – from boardroom strategy to ground-level execution, patient-care to on-field operations.

Trained and educated primarily in India's vibrant private sector, I have worked across primary, secondary and tertiary care settings. My expertise includes Clinical Excellence, Pre-Sales, Operations, Human Resources, Digital Health Tech, and Healthcare Education.

In addition to my formal roles, I also run my own clinic, a digital-first service that caters to local communities and online patients – an initiative aimed at building a model of high quality primary care for excellent general health.

I welcome the opportunity to explore how I can contribute to your team. I am available to join immediately. My best wishes to you!

Thanks and Regards,
Dr Vikas L Krishna
